Absent with regrets

Councillor Esther Dares

BUSINESS

[An amendment to the Municipal Planning Strategy to incorporate the Town's Integrated Community Sustainability Plan as outlined in the Planner's report.](#)

Town Planner Arthur MacDonald gave a presentation on Yarmouth's Integrated Community Sustainability Plan.

TREPA Presentation ICSP

Dan Earle addressed Council giving his comments on behalf of the Tuskent River Environmental Protection Association. Mr. Earle indicated TREPA supports the plan and provided some suggestions. He noted the sustainability vision statement could make a more clear and succinct statement. TREPA also feels that "community gardens" should be added to the section dealing with enhancement of recreational and health promotion.

Margrit Robinson addressed Council indicating her agreement with the Integrated Community Sustainability Plan. She suggested the ICSP should take precedence over anything that has been planned so far and stressed the importance of active transportation, separation of stormwaters and sewer, stormceptors, water and wastewater treatment, air

and water quality, Broad Brook enhancement, construction and demolition debris, increased foliage, parks and green technologies projects.

The Chairman asked three more times if anyone else from the audience or Council would like to speak on this matter.

No one else appeared to speak on this matter.

Councillor MacIsaac thanked the presenters and those in the audience for coming and advised the second Public Hearing of the evening would begin at 7 p.m.

ADJOURN

The meeting was adjourned at 6:50 p.m.
